# ABOUT US

SMJ Contracting, Maintenance & Trading with a vision of providing premium support to the growing infrastructure in Trading, MEP Contracting, HVAC installation & maintenance and LED Lighting Solutions with Quality and consistency in an organized and time bound manner.

We take great pride in our projects as they reflect our commitment towards Quality and excellence. Every project of ours gives us inspiration in striving for continuous improvements in future projects and propels us to be a forerunner in the industry.

We believe that Customer Satisfaction is the driving force behind our success. Our expertise, commitment and team work guarantees customer satisfaction and paves the way to be the most the most efficient and reliable Trade House in the State of Qatar.

# DIRECTOR MESSAGE

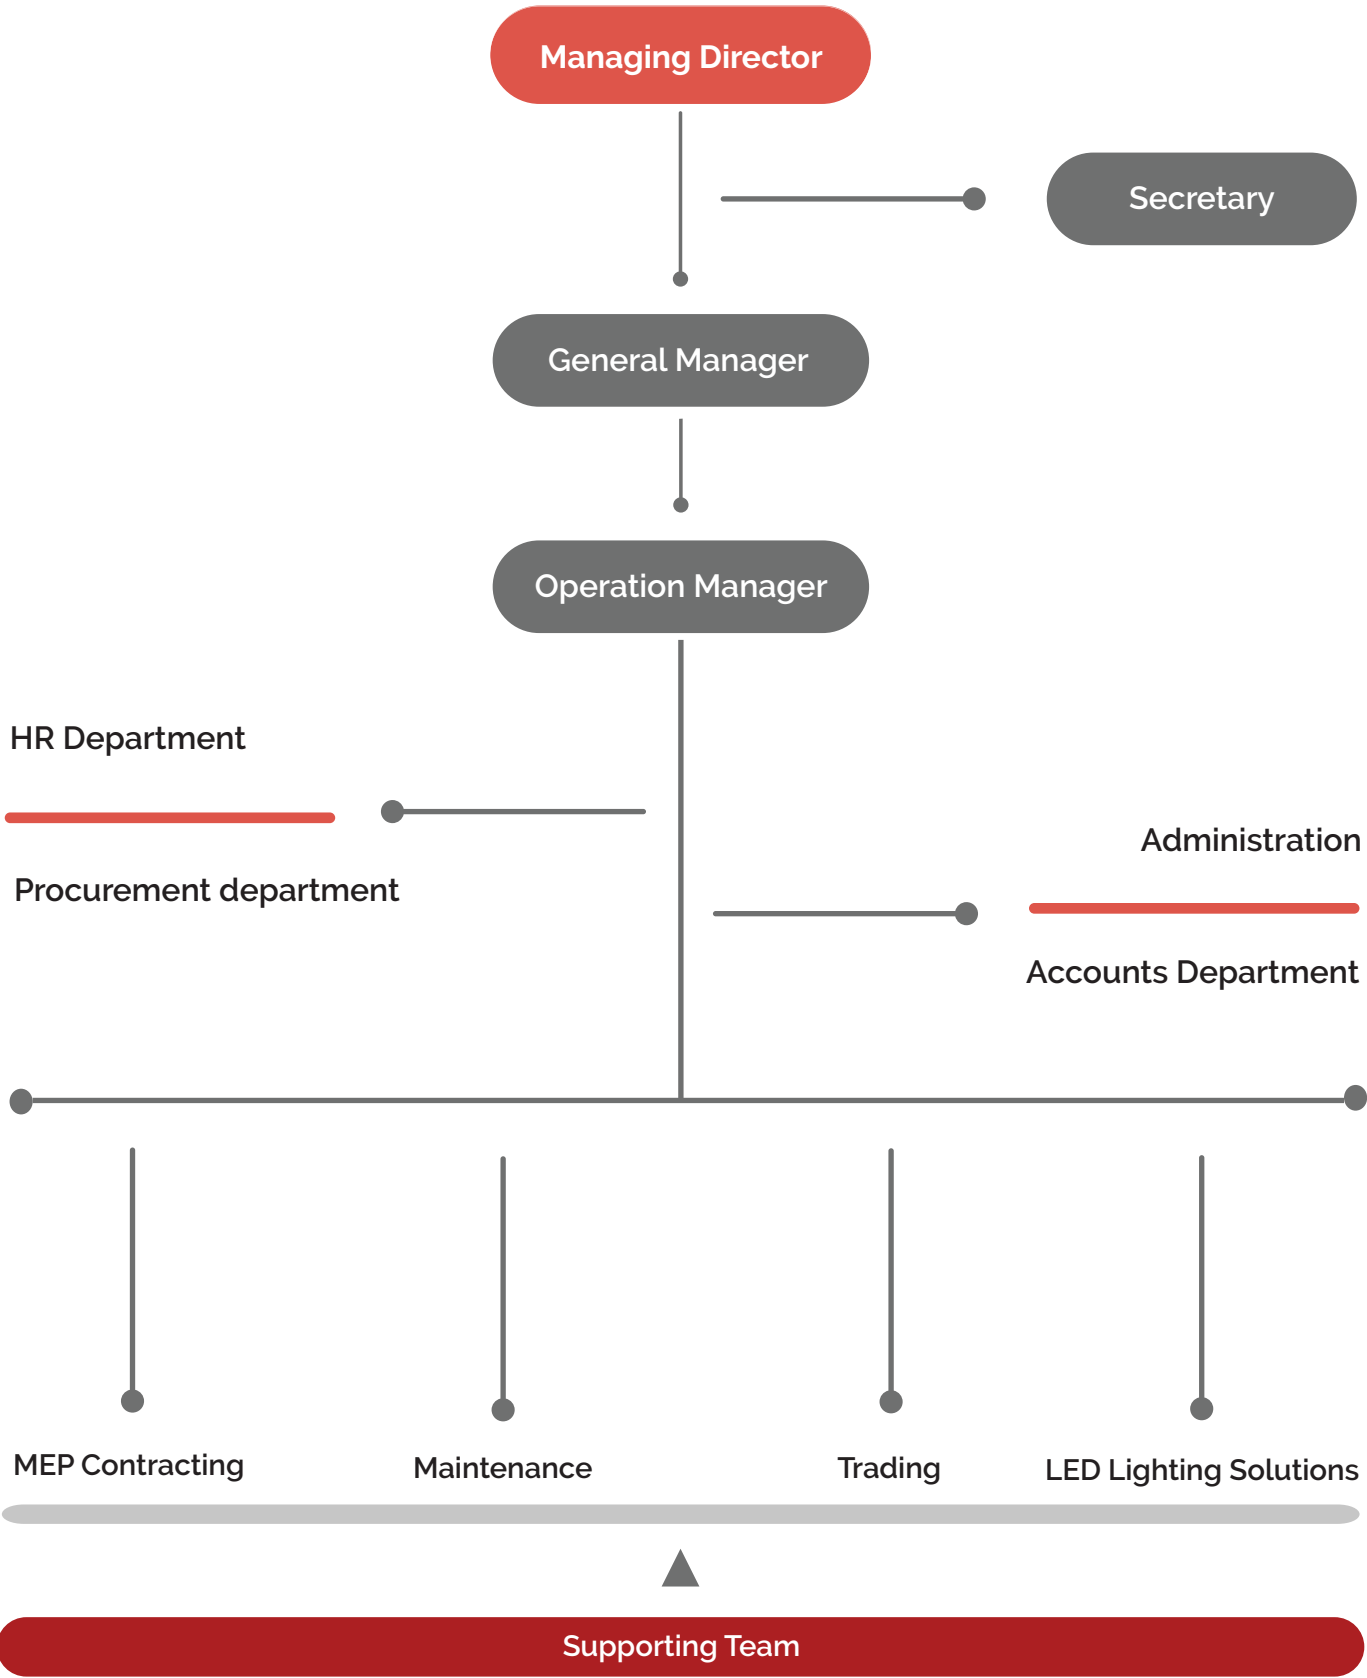

It is my great pleasure to introduce SMJ Contracting, Maintenance & Trading as one of the leading Trading, MEP Contracting, HVAC installation & Maintenance and LED Lighting Solutions

Our Company is specializing in MEP Contracting, HVAC installation & Maintenance and LED Lighting Solutions. We possess highly trained, experienced and motivated staff with varied expertise and strong technical skills to cater to a wide range of customers.

We also provide consultation and support for specialized applications in General Trading.

**- Director**

# ORGANIZATIONAL STRUCTURE

## AIR-CONDITIONER & EQUIPMENT

SMJ Contracting, Maintenance & Trading W.L.L. is the reseller of Air-Conditioner & Equipment in Qatar, with of experience in this filed with quality of air conditioning equipment for commercial and residential use. We offer a wide range of products and services, specializing particularly in the field of comfort air-conditioning and refrigeration. We have a comprehensive after-sales services of A/C equipment's that are available through our own fully equipped workshop.

## OUR BRAND

# CIVIL & MEP CONTRACTING

## CIVIL CONSTRUCTION

Our well-equipped workforce enables us to undertake large and complex civil construction. Projects, adhering to the quality standards. With our professionally developed project management system we are able to deliver on-time quality projects that meet with the requirements of the clients.

## MEP CONTRACTING

Our MEP contracting division supports our civil division by providing its expertise during construction and after handover and is our forerunner for building renovations

The MEP division has diverse experience in executing mechanical and electrical installations for Hotels, Schools, Commercial and Residential Complexes

Our MEP Division enables professional and reliable services in requirements including:

- (HVAC) services
- Plumbing and drainage
- Electrical-building services
- Low voltage system services
- Heating, Ventilating and Air Conditioning
- Project design, evaluation and implementation

*We undertake full responsibility for all building activities. A team of dedicated engineers is geared to design & execute HVAC, plumbing and sanitation, fire-fighting, electrical & specialized system respectively*

# HVAC INSTALLATION & MAINTENANCE

## HVAC INSTALLATION

We offer enhanced vitality productivity, which saves money on service bills, and a more extended enduring cooling unit. due to the fact that all AC equipment loses efficiency after years of use. our team has been able to expertly evaluate and improve the indoor air for residential and commercial HVACs. To ensure your indoor comfort is not compromised by a system that is too large or too small, we take the time to make sure you acquire the right equipment for your space and needs. By installing a newer unit, you can start saving on your electric bill, thanks to stricter energy efficiency ratings of newer HVACs. We back all of our HVAC services with a 100 percent guarantee.

## HVAC MAINTENANCE

Maintenance Division will attend to you if any complaint is sent to us, we have our on call team which is equipped with well qualified technicians offering fast and efficient service to attend any break down/complaint within a short span of time.

- Well trained technicians
- Availability of spare parts
- Replacement service

# LED LIGHTING SOLUTIONS
